

Family Engagement 3rd Qtr 2/13/24

Attendees- Brandee Hudson, Celia Aros, Donna Dennis, Betsy Fleming, Brian Huss, Deborah Marquis, Shantay Velarde

Upcoming curriculum focused event

STEAM Night 2/28/24

4 teacher sign ups to date- Mr. Huss has made announcements in the morning to make sure teachers submit what they are doing. Grades can collaborate if they would like. We need to get all names/activities so we can get a map together and know who may need volunteers

5 off base organizations confirmed/ a couple pending like Border Patrol- Mr. Huss asked Jonathan to come back again this year and also talked to the group of firefighters that came out for the Kindergarteners

12 Airmen available to help in classrooms or lead an activity

2 food trucks + Kona Ice

We will work on getting all teacher sign ups by the end of the week

Focus Group

Purpose- parents give ideas on how to improve our school. Most questions based on our last survey results. We got some disagree/strongly disagree on a few questions

Need some parent volunteers- I made a post on the school FB page asking for volunteers. Nobody has followed up with me to do it.

Teachers do you have anyone in your class you could reach out to? Any parents looking for a way to get involved? If you have some involved parents can you connect them with me?

Donna has a list of cleared school volunteers that she can give me and I can reach out to some of those people.

Will create a flyer asking teachers for help in reaching out to their families. So they have something in their hand and they can also put it out on their communication platforms.

Betsy has given me several dates and times, once I have a group I can discuss best date/time with those available to be as accommodating as possible.
