

## Family Engagement Meeting minutes 11/14

Present- Donna D, Betsy Fleming, Angel Strain, Machel Redlin, Debbie Marquis, Celia Aros, Donna Chambliss, Peggy Esparza, Tricia Sierra, Erin Campbell

Reading lunch event 12/8/23- Called it Love of Reading lunch in the past, want to maybe call it Books and Bites instead?

Got confirmation from the public library that a librarian will come out. Same guy as last year. We'll set up at the Ramada. He is bringing another librarian with him so maybe she can be a guest reader?

Like to maybe see if Ms. LaRue has any middle schoolers that want to help. They can hang at the ramada and keep an eye on the activities and giveaways

NEED Take home Resources from each grade level in order for it to be curriculum focused. Ms. Strain gave me some resources last year but I'd like to get something from each grade team this year if possible.

Betsy has backpacks if needed that we could give out with supplies.

STEM Night 2/28/24- confirmed guests are EMS squadron, TAAA, WiO

Sent request to DM Public Affairs, they will share with base units

Waiting to hear back from Raytheon and Pima CC and will request food trucks after holidays.

We still need to talk to the STEAM committee and see where they're at with planning and what they have in mind. Make sure we're on the same page.

Kindergarten workshop 12/12

Working with Huss and Betsy and Kinder teachers to coordinate what information to include. Betsy is familiar with putting on this type of workshop and will head up the event. FE will provide support and make sure that we get out the information to families and incoming families.

Next meeting Feb 13<sup>th</sup>- last minutes details to discuss for STEAM Night
