July 1, 2023

Hello Borman K-8 Families,

Welcome to the 2023-2024 school year. This will be my second year as the proud principal of Borman K8 School and my 22nd year in education. I was an elementary school teacher for 11 years, a school technology coach and instructional coach for three years, MTSS facilitator for one year, and a middle school assistant principal for five years.

I grew up in Iowa but have made Tucson my home for 30 years. Working with children has been a part of my life since high school. I have worked as a summer camp counselor, volunteered as a coach for a variety of sports for many years, and president of a local youth football and cheer organization. I attended Pima Community College, received my bachelor's degree from the University of Arizona, and my Master's of Educational Leadership from Northern Arizona University.

I will continue the positive legacy and vision of Borman K8 and serve our military families with pride and respect. High academic achievement, positive behavior and civics, integrity, transparency, communication, and community will be the priority of my leadership and school expectations. I believe in the whole-child approach to education and developing well-rounded, thoughtful, collaborative, responsible, and respectful citizens.

My wife and I have two wonderful children; our daughter is also a University of Arizona graduate, and our son will be a junior in high school. We like to travel, spend time outdoors hiking, camping, UTV riding, and eating good food! I enjoy skateboarding, college sports, live music, competitive powerlifting, and am a USPA judge.

I am glad to be your partner in your child's education and looking forward to getting to know you and your child in the upcoming school year.

Sincerely,

Brian Huss, M.Ed
Principal - Borman K-8 School
