STEM Night- will it be doable in person since we are returning?

Ms. Sisler advised that Mr. Rose said we can only have virtual events for the rest of the year. I will continue to talk to Tania about some type of virtual STEM challenge

School reopening- As we return to school is there anything family engagement can do to help parents/teachers?

We will see what needs are as we re-enter campus and evaluate any way that FE can help.

I. The meeting was adjourned at 3:35pm by Veronica Bonner.
